

Announcement: The persons liable for payment of product fee under the Waste Management Law (WML) due to failure to achieve the targets by under of Art. 11, para 2 WML, were announced

By virtue of Order No RD-261/09.03.2005 and a list-enclosure thereof, the persons liable for payment of product fee, due to failure to achieve the targets under Art. 11, para 2 WML, were determined. The Ordinance was issued by the Minister of Environment and Waters, on the grounds of Art. 11, para 2 WML in connection with Art. 49 of the Ordinance for Packages and Package Waste and is of the nature of an individual administrative act, i.e. it defines obligations only of the persons being its addressees (as listed in the enclosure). The Order will not be published on the Internet site of the Ministry because it has already been sent to the interested parties (the companies in the list). The persons not included in the list do not have the obligation to pay product fee.

The above referred to list does not contain the names of our clients! We greet all of you that, in 2004, conscientiously and thoroughly fulfilled the requirements under the law and ordinances related thereto, with the successful outcome from your efforts in 2004. We wish you the same result in 2005 as well.

Those of you wishing to receive an express confirmation for not being included in the list and consequently not owing product fee, may contact Maria Goranova or Dobrinka Krasteva from the Tax & Legal Department of AFA OOD.
